

## Painting in Oil & Acrylic - Beginner & Intermediate Levels

If you have always wanted to paint but "can't draw a straight line", need to give existing paintings more life and sparkle or you're just ready to advance to the next level, then this class is for you! Learn how value range, color temperature, and composition can work together to make the most compelling works of art. You will learn color theory (mixing colors) by the easiest possible method with only 4 colors plus white!
